

## CONFERENCE COMMITTEE REPORT DIGEST FOR ESB 67

**Citations Affected:** IC 36-8.

**Synopsis:** Wireless enhanced 911. Conference committee report for ESB 67. Requires the wireless enhanced 911 advisory board (board) to review biennially wireless 911 service to ensure that 911 fees are not excessive and are used properly. Specifies that commercial mobile radio service (CMRS) providers and public safety answering points (PSAPs) may be reimbursed from the wireless emergency telephone system fund for the costs of implementing phase two of the 1996 Federal Communications Commission (FCC) order concerning wireless enhanced 911 service if the costs are: (1) incurred before July 1, 2005; and (2) invoiced to the board not later than December 31, 2005. Specifies that a CMRS provider may be reimbursed for costs incurred before July 1, 2005, to comply with the FCC order and rules adopted under the order. Allows part of the wireless enhanced 911 fee to be used to reimburse the board for certain wireless enhanced 911 services required by the FCC order but not incurred by CMRS providers or PSAPs. Requires the board to reduce the fee to less than \$0.50 after all CMRS providers have been reimbursed for expenses. Specifies how the board must allocate the fee after all CMRS providers have been reimbursed. Prohibits the board from reimbursing a CMRS provider for expenses submitted after December 31, 2005. Provides that the Indiana utility regulatory commission does not have jurisdiction over CMRS rates, terms, or conditions. Repeals an obsolete reference to pseudo-automatic number identification. **(This conference committee report: (1) adds language specifying that CMRS providers and PSAPs may be reimbursed for the costs of implementing phase two of the FCC order if the costs are incurred before July 1, 2005, and invoiced to the board not later than December 31, 2005; (2) removes language concerning the allocation of the fee after the reimbursement of PSAPs; and (3) makes a technical correction to add an expiration date to a noncode provision.)**

**Effective:** July 1, 2005.
